

TOWN COUNCIL MEETING

REPORT OF PAVING STREET
WITH VITRIFIED BRICK

Cost Will be \$1.60 Per Square Yارد
Property Owners to Pay Two thirds
and Borough one third of Cost

The Town Council met in session on Tuesday evening of last week. On election night the bills were ordered to be paid and meeting was fixed to transact business on hand. President Gilbert called meeting to order, Councilmen Culp, Wierman, Oyler, Hammond, Becker, Wisotzkey and Beck present.

The Secretary read the citation served on him in the matter of the petition of the telephone company to the Adams county court, asking the court to hear and fix the pole tax. The citation was referred to Attorney of borough. President and Secretary were instructed to make answer to citation.

The report of Burgess Slaybaugh was read, sewer permits issued to Henry Menchey, Misses Anna and Mary Hoke, Miss Anna Hake and Ralph Wierman \$3. Building permits to Misses Anna and Mary Hoke and Mrs. Taughinbaugh \$1, and foot-ball game 50 cents, total \$4.50.

Treasurer J. W. Garlach reported in sewer account \$465.83
In special fund 229.98
In general fund 162.34

A loan of \$1000 has been made at First National Bank and all bills are paid.

The ordinance extending Reynolds Street was returned not approved by Burgess Slaybaugh. He said in his opinion the street is not properly laid out.

It should extend, if possible,

in a more direct southern direction.

If opened according to plan, would cost a considerable sum for bridge work, more than the borough would be justified in expending for benefits to be derived from opening same.

Especially at this time when the present financial condition of the borough is considered. Upon motion whether ordinance should become a law notwithstanding veto of Burgess, all Councilmen voted no, except Gilbert, Councilman Wisotzkey explained by saying that street had not been laid out right and that another ordinance laying it out right would be offered later on. It was decided that council should view the ground.

The ordinance opening and extending High Street was approved by Burgess Slaybaugh.

Attorney for Lewis Barbehemus asked the matter of right of way for sewer through the Barbehemus lands from Water street be adjusted. It was suggested that in place of paying the damages offered of about \$170 that the borough buy a strip 50 feet wide for \$200 and extend Water street. Sewer Committee was directed to report on matter to next meeting.

Attorney for Mrs. S. Ella Blocher and James Kepuer asked for early decision on sewer as these citizens were suffering for want of sewer convenience.

The highway committee reported new crossing laid and repairs made asked by Robt. Caldwell at Junction of Baltimore St. and Steinwehr Ave. They also reported pavements made at several places where notices were disregarded and that a number of persons had made pavements.

The Sewer Committee made the following report:

Paid to Fehr and O'Rourke contractors in full of their contract and to date \$2511.37

First Ward Sewer 2000.00

Labor pay rolls for the extension of sewer in addition to contract 1164.10

For T. C. pipe 145.30

Rights of way 486.45

Advertising 16.37

Land for Septic tank 50.00

Discount on money borrowed 60.01

Printing bonds 125.30

Percentage to Engineer 752.88

Total 3261.78

Balance to credit of the sewer fund 345.82

The unsettled rights of way and a small balance claimed by the contractors for extras will in the opinion of the committee not exceed \$100 and will be adjusted by the committee as soon as possible.

Sewer Inspector A. B. Plank asked information about profile maps of borough and committee to ask Engineer Pratt for same.

Property Committee reported bids for lamp posts, bidders agreeing to cap pipe and repair pavements. C. H. Wilson 25 cents for each post. W. D. Gilbert 50 cents for each post. Motion carried to give contract to W. D. Gilbert.

A motion prevailed that the property Committee be instructed to offer at public sale the engine and stone crusher.

The Light Committee reported that they were opposed to placing a light on Broadwater but on motion light at corner was directed to be moved to intersection of Washington and Broadway.

The Committee on permanent street improvement made following report

which on motion was ordered to be spread on the minutes.

The Improvement Committee appointed at the last regular meeting of the Council to devise and submit a plan for the permanent improvement of the streets of Gettysburg hereby submit their report.

We as a committee feel that something must be done and that at the near future, to rid our streets of the accumulation of mud and bring them to a fit condition for travel and make them a credit to the Historical Town of Gettysburg.

This condition is made more apparent from the contrast to the miles of Avenues built upon the Battlefield by the government and with such examples before us, surely the condition of our streets should not be made a matter of jest by every passing stranger.

We feel that the time of action is at hand and that some plan should at once be put in operation that will finally bring the condition of our streets to the highest standard for the traveling public and the beauty of the town and thereby saving in the end a large amount of money that would otherwise have been expended in repairs.

The Bitulithic pavement, into which the Committee inquired, we find it to be a pavement of the highest quality, but we feel that the price makes it prohibitive, the cost being \$2.25 per square yard and that it would be necessary to contract for 10,000 yards at one time.

The Vitrified Brick pavement is laid upon a 6 inch concrete foundation, the subgrade having been previously thoroughly rolled by a steam roller to a solid condition. A cushion of 2 inches of sand is then spread upon this concrete foundation and upon this the Vitrified Brick is laid.

The interstices are then filled with cement or loose sand. The cost of such a pavement would be \$1.70 per square yard. This price could be lessened as perhaps the travel of our town would not require a pavement of such substantial character, either by diminishing the depth of the concrete foundation or using gravel in its place as it is being done by many of the Boroughs in the State.

A Vitrified pavement adapted to the uses of this town could be laid for \$1.60 per square yard. Such a pavement would not need to be repaired for fifteen years.

The streets could be built upon the macadam system for something less than half the above price, but the cost of repairs is an item to be taken into consideration as they must be continually gone over.

Your Committee has taken up a number of different kind of paving materials but do not wish to burden this report as we felt that they were not suitable for our purpose.

In conclusion after considering the whole subject we respectfully recommend the Vitrified Brick as the best material for a permanent pavement, and that one square be paved each year until the following squares have been paved viz:

The Public Square, Chambersburg Street, from the square to Washington Street.

Baltimore Street, from the square to Middle Street.

Carlisle Street, from the square to Western Maryland R. R.

York Street, from the square to Stratton Street.

Washington Street, from the Rail-road to Chambersburg Street.

We would also recommend that the other streets of the town be built upon the macadam system and that a square be improved each year by the taking of the old material from the square being improved by brick and use it as a foundation for the macadam.

Your Committee further recommends that the cost of paving the car tracks be borne by the Transit Company and that two thirds of the cost of the balance of the square be assessed to the property owners along that square as benefits. The remaining one third to be paid by the Borough.

Respectfully,

S. A. HAMMOND

E. P. WISOTZKEY

W. L. OYLER

Council then adjourned.

Lady Audley's Secret.

Lady Audley's Secret which appears at Xavier Hall tomorrow evening Nov. 22nd, with Miss Theresa Rollins in the leading role will be one of the scenic events of the season. Mr. Kyle, the manager, realizes that if old plays are taken with their good wholesome stories, mounted with all modern scenes and electrical equipments they will give better satisfaction than the dramas of to-day with their thin-sly plots.

This play comes very highly recommended to the local theatre. An evidence of good attendance is already made manifest by the demand for seats.

The Committee on permanent street improvement made following report

LIEUT. COL. STOUCHE DEAD

GETTYSBURG BOY WHO FOUGHT
IN THE VALLEY OF DEATHOther Deaths of Well known People
Within and Beyond the County.

Lieut. Col. George Westley

Stouch, U. S. A., retired, died at Washington, D. C., on Saturday, Nov. 10. He was born in Gettysburg, the son of Leonard Stouch who lived here in 1836 and moved then to Kentucky. Col. Stouch entered the army as a private and was promoted to be a lieutenant before end of war. He was in the 5th Army Corps, at battle of Gettysburg. They reached Hanover on the 1st and were about to eat an evening meal of some fresh killed Pennsylvania cattle when orders came to hurry to Gettysburg. They left without eating and reached a point near Rock Creek on Baltimore turnpike that night. Next day they advanced to Taneytown road. They heard the battle begin at Peach Orchard and lived in suspense several hours before orders came to double quick to Little Round Top. They went down into the Valley of Death, across Plum Run and charged into the Rebel line. In the fight Col. Stouch was wounded in the left arm. He was taken to a York hospital but came back Nov. 19th with a company of soldiers when the National Cemetery was dedicated and heard Lincoln make his great speech. He continued in the Army for 30 years after close of war. In 1884 he was promoted to captain. He was made Major and Chief Commissary of Subsistence to United States volunteers in 1898 and was promoted to Major in the 24th U. S. Infantry in 1898. April 23, 1904, he was promoted to Lieutenant Colonel and placed on retired list. He married in 1869 Miss Augusta Wantz of York. He was buried in Arlington National Cemetery with Military honors on Tuesday of last week. He leaves two children, Geo, a veteran of the Spanish-American War and who has also seen service in the Philippines and Mrs. Florence, wife of Capt. James H. McRae of U. S. Army.

James M. Austin, known all over the county as the hotel register man, died last Thursday at his home in New York, aged 77 years. He began life as a tailor, then drove a stage between York and Pittsburgh, later invented and patented his hotel register which is in use in most hotels of the state and in preparation of the same he became known to all business men of the county.

He had read the Bible through 42 times following the rule of reading three chapters on week days and five on Sunday and complete, reading in a year's time and he could quote from its chapters fluently. He was a Democrat and a large property owner in York.

James Clayton Asper Starner died at his home in Hanover on Tuesday, Nov. 13, from tuberculosis. He was born and raised near Barlow. He was 21 years and 8 months old. Funeral last Friday, services at Mt. Joy church by Rev. W. G. Minnick, with interment in church cemetery. He is survived by his mother and four sisters, Misses Jennie and Laura Starner of Hanover, Mrs. Austin Sell of Midway and Mrs. Wm. Rose of Barlow, this county.

Mrs. Sarah Kemper died at her home in Taneytown on Sunday, Nov. 11, aged 73 years, and was buried last Wednesday at St. James Reformed church between Harney and Littlestown. She leaves one brother, Mr. Keefer of York Springs, and several grand-children.

Ephraim Bream died at the home of Wm. Bower of Huntington township, on Tuesday morning of last week from a stroke of paralysis received about a year ago. Funeral on last Thursday, services by Rev. Wm. Ruth, interment at Rock Chapel. A wife survives.

Mrs. Samuel Weigle died at her home in Huntington township on Tuesday evening, Nov. 13, from inflammation of the bowels, aged 66 years, 7 months and 29 days. The funeral was held on last Friday morning from her home, Rev. W. L. Leisher conducting the services with interment at Upper Bermudian church.

Mrs. Charles Troxell, second wife of Joshua A. Troxell died at her home in Ottawa, Illinois on Nov. 14, 1906. Her husband was a former resident of this place. They were married in 1863 in Hartford City, Ind. and have lived in Ottawa since 1871. She leaves a husband and step children, Wm. Troxell of Monmouth, Ill., Mrs. Catherine Black of Grand Ridge, Ill., Mrs. N. F. Norton of Fayette, Iowa and Mrs. A. E. Towne of Ottawa, Ill.

In Memoriam.

William M. Bowers, was born June 3, 1836, died Oct. 11, 1906. He was a life long member of St. Luke's Lutheran church, Heidlersburg. He was a veteran of the civil war, serving in Co. I, 205th Regiment Penna. Volunteer.

Farewell, dear husband, farewell,
The loss to me no tongue can tell,
Your stay on earth with me was short,
But in heaven we all shall meet.
You're not forgotten, husband dear,
Nor ever will you be,
For as long as life and memory last
I will remember thee.

THE EYLER MURDER CASE**STRONG CASE PRESENTED BY THE COMMONWEALTH.**

Defense is Drunkenness That Would Make Crime of a Character Less Than Murder in 1st Degree.

The first witness to take the stand was John Miller, the father of Howard Miller, the dead man, and the prosecutor in the case. His testimony was brief, that his son was dead, had been killed.

Mrs. Howard Miller, the wife of the dead man, has been present in court during the trial and it has been quite an ordeal to her, under which she at times breaks and cries. She was the second witness and told of coming to town with her husband in the morning. How they drove down street in the afternoon and stopped near Globe Hotel, Mr. Miller desiring to see some parties about a house deal. She had driven with a friend to end of York street then back and up to top of Baltimore Hill, and when she returned and passed the hotel she was stopped and told that her husband had been hurt, the affair taking place in a very short period of time.

Dr. H. M. Hartman began the medical testimony. He detailed being called to the Globe Hotel, of examining Howard Miller, of the blood found flowing from the ears and nose, of the unconscious condition of the man, of his vomiting. He had examined the depression back of the ear, and death was due to concussion of the brain caused by the direct blow. Upon cross-examination all kinds of questions were asked the Doctor which might lead him to admit that some other cause beside a blow might cause the symptoms he found in Howard Miller but the Doctor maintained that the symptoms in the case at hand could only have been produced by the blow which was the cause of death and that if the crushed bone had been lifted the lacerations were so severe that death could not have been prevented in any event.

Dr. C. A. Keagy, living in York County five miles from Hanover, was with Dr. Hartman when latter was called to Globe Hotel, accompanied him there, saw Howard Miller, noticed the hemorrhage at ear and nose, also the vomiting. He examined the depression on head back of the ear. The skull was crushed. The symptoms indicated a compound fracture of the skull and a necessary result of a compound fracture of the skull was death.

Dr. Lindaman, of Bonneauville, was in Gettysburg May 30, and saw Howard Miller. The man was bleeding at ears and nose. He felt the depression on left side of back of head.

H. B. Bender, undertaker, of Gettysburg, took charge of the body of Howard Miller shortly after his death and in preparing the body for burial made minute examination of body. He found a soft spot on base of brain on left side, half inch back of ear; it was about an inch and a half long and from one to two and a half inches wide. The skin was not broken. There was very little swelling and no discoloration. There was a slight abrasion of the skin on nose. On the right hand there was a bruise. In describing the wound back of the ear he said there was no bone under the skin and when pressed would give away.

Dr. Henry Stewart, at one time coroner of county, said he saw Howard Miller about 9:30 on evening of his death, that he found back of left ear marks of violence, some swelling, blood outside of its proper vessels in an area of from two to three inches. The impression conveyed by the examination of the skull brought the conclusion that there was a fracture. Profuse bleeding at nose, ears and vomiting are a group of symptoms in a case of the kind that can point to but one thing, fracture of base of skull, the reasonable result of which is death.

Verdict for Dr. Pierce

AGAINST THE

Ladies' Home Journal.

Sending truth after a lie. It is an old maxim that "a lie will travel seven leagues while truth is getting its boots on," and no doubt hundreds of thousands of good people read the uncharitable and malicious attack upon Dr. J. V. Pierce and his "Favrite Prescription" in the Ladies' Home Journal, with its great black display headings, who never saw the humble, groveling retraction, with its incisive heading, published two months later. It was fully charged in the columns of the *Advertiser*, and the editor's *Editorial* of October 21, 1895, for the care of women's interests and claims, contained a bold and decided rebuke to the *Ladies' Home Journal*.

Dr. Pierce said that Mr. West, the editor, not only denied the article containing such false and defamatory matter with the intent of injuring his business interests, but also held or other injuries or loss of money, damages are or ever were sustained in his "Favrite Prescription" that suit is filed to recover damages for the loss of his business interests.

Mr. West denied that he ever made any statement to the effect that Dr. Pierce's article was libelous, and that he did not know of any damage to Dr. Pierce's business interests.

Boy Received and**

**STRONGLY RECOMMENDS
CUTICURA REMEDIES**

"I used the Cuticura Remedies eight years ago for my little boy who had ulcers in the eyes, which resulted from vaccination. His face and nose were in a bad state also. At one time we thought he would lose his sight forever, and at that time he was in the hospital for seven or eight months and under specialists. The discharges from the eyes and nose were bad and would have left scars, I feel sure, had it not been for the free use of the Cuticura Remedies. But through it all we used the Cuticura Soap, Ointment, and Resolvent, and lots of it, and I feel grateful for the benefit he received from them. The Cuticura Resolvent seemed to send the trouble out, the Ointment healed it outwardly, and the Soap cleansed and healed both. He is entirely cured now; but since then I have bought the Cuticura Resolvent to cleanse and purify the blood, and the Soap I cannot speak too highly of as a cleansing and medicinal beautifier. I can truthfully say the Cuticura Remedies are all they are claimed to be."

FOR WOMEN

Too much stress cannot be placed on the great value of Cuticura Soap, Ointment, and Pills in antiseptic cleansing, thus affording pure, sweet, and economical local and constitutional treatment for inflammations, itchings, irritations, relaxations, displacements and pains, as well as such sympathetic affections as anæmia, chlorosis, hysteria, nervousness and debility.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Poste Drug & Chem. Corp., Sole Prop., Boston.

To Constitute the Gods.

Just at night, if you happen to be within the gates of Caution, you will witness one of the little performances that are supposed to deceive the prowling spirits of the night bent upon evil intent, the while conciliating them should they penetrate the deception.

Each little and big shop possesses a miniature fireplace built into the side of the entrance. Prayers printed on rice paper form the fuel with which to offer up incense to the "bogy man" who is supposed to make the nocturnal visits. Beholding the smoke, he is supposed to assume that no one lives within and therefore passes by; but should he catch on and stop to investigate he finds that the prayer papers on the altar bear inscriptions attributing to him such virtues and magnanimity that his wrath is appeased and he turns from his evil intent. —Edwin Wildman in Chautauquan.

Dose—One Dimeful.

"How big a dose do I need?" asked the customer of the old fashioned druggist.

"Oh, I guess a heaping dimeful will be about right," was the reply.

"A dimeful?" echoed the customer. "You mean a dime's worth, don't you?" "No, I don't," said the druggist. "A dime's worth would be two dimes and you'd never survive such a quantity as that. I mean for you to take a dime and pile on it as much of the powder as will stick. Then you have the proper dose. Measuring medicine on a dime is a method as old as United States currency and almost as reliable. There are certain powders that can be measured more accurately than any other, and among us old timers who have been used to meeting emergencies a dimeful is a common direction."

Different Meanings.

Some words in our language have several meanings, each different from the others, so that it is not always possible to know at first just what thought the speaker wishes to express. There is the word "humanitarian," for instance. If you will turn to your Webster you will find that it means, first, one who denies the divinity of Christ and believes him to have been merely human; second, one who limits the sphere of duties to human relations and affections to the exclusion of the religious or spiritual; third, one who is actively concerned in promoting the welfare of his kind, a philanthropist. The third sense is the one in which the word is now most frequently used, and Webster marks this definition as "recent."

Use For Spoiled Beer.

"There is no need," said a brewer, "for us to throw away beer that has turned sour, nor is there any need for us to try to doctor it up. We have a ready sale for our spoiled beer among cement makers. Don't think from this that cement makers have a morbid taste for sour beer. Nothing of the kind. They use this beer in making cement for leather joints. It takes the place of acid, being cheaper and yet just as good."

THE EYLER MURDER CASE

(Continued from page 2.)

Eyler was red in face and delivered blow quick. He was certainly in an excited condition. Witness didn't see anything like an umbrella and thought striking was with pump handle. The witness was at door of office on alley and last time he looked at Miller he was looking toward where witness was and in that position couldn't have seen Eyler coming.

J. H. Marble, living near Hanover, was at Globe Hotel on May 30 and was several feet from where Miller stood. He examined Miller and found wound back of ear an inch and a half long and skin cut on nose. He didn't know parties and had paid no attention to them before occurrence.

David Metz, of Virginia Mills, was at Globe Hotel when Miller was struck, saw Eyler hit him and saw Miller fall. A man come out of bar room, saw him strike him when he came up to him and when Miller fell down he saw him struck again. Striking was done with something dark. He heard no remarks from anyone and didn't hear Miller say or do anything before struck. On cross-examination he said the thing happened suddenly and Eyler, he supposed, was out of humor.

Irvin Bortner, of Hanover, went into Globe Hotel, through office, bar room and into pump room. A man was there whom he heard say, "Give me a club and I'll kill the s— of a b—."

He took hold of pump handle with both hands and pulled and when it snapped he fell up against me and bit me on nose accidentally. Witness went on to alley. On cross-examination witness said he could not be mistaken about the words used and that Eyler said them, identifying him. He looked to witness to be awfully wild. He made remark when he grabbed pump handle. Witness said Eyler was not under the influence of liquor. He didn't see him drink, but he may have been drinking. I didn't think the man was so drunk as not to know what he was doing.

R. C. Paxton, of this place, was a bartender at the Globe Hotel that day. He has known Eyler since 1891. He saw fight between Miller and Long and Eyler was not in that fight. On cross-examination he said Eyler was standing at north end of bar when this fight was going on in front of bar in center of room. The witness saw Eyler there while this fight was going on but he had no part in it. Eyler did not get anything to drink at the bar.

James Peters, of Iron Springs, was at Globe Hotel on May 30. He was in bar room and saw a fellow come in there and swearing, ask, "Where is he, I'll kill the s— of a b—," and repeated it two or three times and then went into the office. On cross-examination witness said he was 20 years old, he didn't see any umbrella but saw pump handle. Eyler was red in the face and mad, angry, he looked excited, he might have been drinking; he wasn't staggering and didn't strike witness as drinking. He was going pretty lively when he went in and came out.

Elmer Kepner, of Cumberland township, was at Globe Hotel on May 30 and saw Eyler break pump handle and come in bar room saying, "Where is the s— of a b—, I'll kill him."

Then he went out to pump room and back again to bar room, again saying the same thing and went on into office and when he came out he said, "I said, I would fix him and I've fixed him."

On cross-examination he said he didn't see him take hold of pump handle but saw him fall back after the break. He didn't see any umbrella. He had pump handle in left hand hanging down by his leg. He was a little excited or cross like. He didn't look like he was drunk. I don't believe he was drunk or drinking. Observations of witness covered five minutes from time he broke handle. He didn't see anyone with him.

Emory Reigle of Highland township, went through office, bar room and pump room to get his team. Right at door of pump room he met Eyler who said, "Where is that s— of a b—? I'll kill him." Witness went on to stable and when he came back met Eyler at same door, he was going lively, he didn't have a hat on and ran out of alley to York street. On cross-examination he said Eyler was flushed in face, he didn't seem very much excited, the words could have been heard by people in the bar room. He was carrying something in front of him. All he could do to get out of his way. He didn't hear anyone say, "They are killing Long." Witness didn't know whether Eyler had been drinking, from what I observed I would say he wasn't drunk and I wouldn't say he was not under the influence.

ship, was standing next to door going out to pump room in the Globe Hotel, and saw a man work at handle and then take hold of it and pull it off, and he heard him say, "Where is he, some one show him to me, I'll fix him," this with some oaths, and when he came out of the office he said, "I told you I would fix him and I did." On cross-examination he said Eyler's left hand was down by his side. From appearance he was a little angry. I didn't think much of his threats. I didn't know whether he meant what he said, he seemed to be in a passion, angry. He may have been drinking but I could not tell it.

Wm. Irvin of Gettysburg went into the toilet room of the Globe, and saw Miller and Long fighting. They went into the bar room and fought there, he saw another young man come in after the fight in the bar room was over. He jerked the pump handle a couple of times, then gave it a hard rap and it came off. He wanted some one to show him the man. He went into the bar room, then back to toilet room, then back again. Witness went by mail to office and was about to go out of the hotel when he turned and saw Eyler come in and strike Miller down with the iron handle. Miller was standing there unconcerned with no hat on. He struck Miller twice, witness saw. On cross-examination he said Eyler was not present when Miller and Long were fighting. He thought Eyler used both hands to break handle off and that he struck with both hands holding the handle. Miller wasn't moving when Eyler struck him. He might have been drinking but I didn't think he was drunk, he could handle himself too well.

Geo. Herring of Emmitsburg was at the Globe, May 30th. He went to get his team and while at office counter, Miller came to Stout and said "I've fixed the s— of a b—." He then went into bar room and saw Long with blood all over him and witness asked him what was the matter, and he replied that he and Howard Miller had a fight. Long went out of the bar room and met Eyler at door, who looked at Long's bloody face, and said, "I'll kill the s— of a b—." On cross-examination witness said it was a little hard to say whether he was under influence of liquor, but he was not drunk. He has known Eyler 4 or 5 years, he had never seen him drunk, but had seen him feel good, he did not appear to be that way.

Edward Menchy of Gettysburg, was standing with a stranger in Globe Hotel. He saw Howard Miller at radiator, and saw a man come from the bar room with a crooked stick or piece of iron. He heard some one say, "that's Miller." Miller had been facing the counter, and as he heard his name spoken turned and then he was struck. Witness identified Eyler as the man who did the striking. He saw him strike Miller three times, first time on head, and twice while Miller was on the floor. He did not see any umbrella. Eyler came in a hurry, and went out faster than he came in. As soon as "Miller" was spoken, Eyler was on the man and struck the blow.

Clinton Carter was waiting at Globe Hotel that day. When through waiting for dinner walked into bar room, and saw two men fighting, fair fist fight and when they stopped, Miller went into office and Long to w.s. room. Then he saw a fellow at the pump and after several jabs saw him break the mucous membranes lining the stomach.

in the act. Witness identified Eyler as the man. Man then said "where is he? Show him to me, I'll fix him." He walked into wash room, then into bar room. He met some other fellows one of them with his coat off who said "now don't raise a fuss," to which Eyler responded "No I'm going to fix him" and he went through the bar room into office. Then I saw him come out and drop the pump handle. He didn't have a hat on when he came out. Looked like he used both hands to pull off handle. He didn't see any umbrella, he did not have any umbrella. He was mad.

C. H. Wilson identified the pump handle and umbrella given him by Mr. Barkdoll, also Eyler's hat and told of chase with Eyler headed toward Emmitsburg.

Thursday Morning.

C. F. Soit of Gettysburg saw Eyler run through the square, following the pavement from Bumbaugh's news stand to Spangler's corner. He had no hat on and was running rapidly. Witness said he didn't see any mustache on man.

I. N. Lightner saw Eyler go by his house at top of Baltimore Street. He had no hat on. He was going slow when he passed him and where crowd permitted went on a dog's trot until he got out of sight at Breckinridge Street. On cross examination he said man had no mustache he saw but positively identified man as Eyler. Claude M. Sheedy saw Eyler turn into Steinwehr avenue from Baltimore street. He had no hat on. At the crossing over Steinwehr avenue near corner, he met three ladies, two in light blue dresses and white shoes. He said to them, "Go on back," and something else in a low voice he could not hear, which seemed to scare the girls. The ladies went back to Battlefield Hotel and man went on until he disappeared from sight where Washington street runs into Steinwehr avenue. Man had slight mustache, not as large as now. Man was a little excited and flushed, but didn't have the appearance of being under the influence of liquor.

W. H. Ashbaugh of Emmitsburg, county constable and deputy Sheriff of Frederick county detailed how he got message to arrest Wm. Eyler, went out half mile on Emmitsburg road and met a wagon with four men and five women in it. That he said to prisoner "did you have a scrap over at Gettysburg" and he answered "yes" and witness told him he was sorry he would have to take him in charge. The father of prisoner told him to get in wagon that they would go by his house. He got in wagon and at his house he took prisoner out of wagon into his house. He kept him there until Wilson came over, then had warrant, arrested him and had a hearing and took him to Frederick jail. Early part of evening witness stepped out in front of house to where people were talking about the fight outside and on his return to house told Eyler, people were talking about the fight outside and Eyler said "he had been standing in front of Globe Hotel talking to a man and another man came up to him and said Howard Miller and his brother-in-law Long were fighting and that Long had the worst of it, that he went in and told them to quit fighting and that Miller struck at him and he hit him." After the hearing there was some talk about the fuss and Eyler then said he was standing outside the hotel and when told about the fight inside he "went in and hit Miller with a pump handle." These declarations were said to have been made voluntarily. He had a mustache, a little larger now and was in his bare head. He wasn't under influence of liquor but was stupid. Witness had never said Eyler was drunk, his appearance showed that he might have been drinking but was not intoxicated or drunk. He didn't walk, talk or act as if drunk. Next day on way to Frederick he was weak and sick.

Chas. Ashbaugh corroborated his father as to the second remark of Eyler after the hearing.

THE EYLER MURDER CASE

(Continued from page 3.)

Defense Begins.

Wm. Hersh, Esq., Attorney for the defendant opened to the jury on Thursday afternoon and said the act of Wm. Eyler would be admitted. It would not be attempted to be shown that it was done in self defense or in any other excusable way. The defense would be that defendant was under the influence of liquor, that he was not responsible by reason of drunkenness and that when he was told by some one they were killing Long he rushed into hotel in his excited condition, broke pump handle and struck the man and that the condition of the man at the time made the offense something less than murder in the first degree.

Mrs. Wm. Eyler was the first witness for the defense. She is wife of prisoner was 16 years old last June and married Wm. Eyler Jan. 14, 1905. She was a daughter of George Rollinger, who lived at one time near Greenmount. After marriage she lived until April 1st with her husband's family. Since latter time they have been living by themselves about a mile from Emmitsburg. Her husband was 22 years old now. On May 30th Will Eyler had only eaten for breakfast a soft boiled egg. About five o'clock in the morning of that day, their party composed of Wm. Eyler Sr., his two daughters, Alice and Nellie, Wm. Eyler Jr. and his wife, and two children Bede and Elsie Long started to come to Gettysburg. They stopped at Emmitsburg to have wagon top fixed. The girls stayed in wagon while her husband went up to the hotel and when he came to wagon she saw he had been drinking. On way over they met Jonas Eyler who had two cases of beer in team and gave Will Eyler three bottles of it which he drank, one outside Emmitsburg, one at Moritz's and last one going up hill at Greenmount. They stopped at Battlefield Hotel where they saw Wm. Long and Ben Brown. She went down town at 10 o'clock and met her husband in front of Hotel Gettysburg. She said he was drunk when he got to town and was drunker there. She didn't stay with him long but went back to Battlefield Hotel and eat dinner in the wagon. Will Eyler came out about 11 o'clock but eat nothing, he tried to eat but couldn't. Kissed her twice in wagon. He didn't stay very long. She next saw him about 3 o'clock between court-house and Battlefield Hotel. Ben Brown was with him. He wanted to kiss and hug his wife on the street. She said he didn't seem to know what he was doing. He wanted her to go with him to Round Top and she told him he was too drunk. This was after parade. Next saw him when we came down from hotel. When we passed none of us talked. He was staggering, his face was red. Nellie asked him what was wrong. Nellie ran after him. He went out road towards home. Next saw him lying along road this side of Greenmount about 4:30 p.m. Ben Brown was in wagon going home. Will was throwing up. Alice helped him in the wagon. She first said, "Come on Will," and he made no answer. I asked him what was wrong and could get no sense out of him, he sat stupid, could not talk. When drunk he could walk all right but would fall out of his head. As far as she knew Miller was a stranger to her husband and Miller's name was not mentioned on way home. Ben Brown brought news to Battlefield Hotel that Will had struck someone. On cross-examination she said she had gone to school three years at McCurdy's Geo. Black being her teacher, and went to Mt. Joy church. Moved to Emmitsburg when she was about 12 and knew Wm. Eyler about a year and a half before she married him. Since their marriage he worked making \$1 a day, worked in harvest field. She said it was not unusual for her husband to eat small breakfast. When asked again about meeting her husband at 3 o'clock on Baltimore street, said Ben Brown and Bill Long were with him. When we met Will without his hat and I asked him what was wrong he did not answer me but said someone was killing Long. Ten minutes after we saw Will the wagon started. When we got Will in wagon he said he didn't do anything. She admitted having talked over the matter of drinks with him.

Wm. T. Eyler the father of the pris-

oner said he couldn't read, or write, or spell. He told about starting for Gettysburg in a three seated wagon and when they got to Emmitsburg, got a couple of bolts at Toppers to fix the top. Women sat in wagon and he and Will went to hotel and Will took two drinks of whiskey at Hennlers, the witness one. At Hokes' Will took two drinks of whiskey and witness one and Will got a half pint flask of it at same place. Coming over met his brother's team with two cases of beer, and he said he gave Will a bottle, gave Ben one, then he added he forgot Ben wasn't along, then Will had more beer at Moritz's and at hill at Greenmount. He didn't know what became of half pint. At Battlefield hotel they met Ben Brown and Bill Long and went in bar room and he saw Will take one whiskey there. He was pretty full when he got in Gettysburg. He next saw his son along the Emmitsburg road on his hunkers throwing up, full, stupid, and dull. Witness asked him how he got ahead and he said he thought he would walk, found him about 4 p.m. Will was a right handed boy but at age of 10 right hand was cut with axe and he always worked afterward with wrist of that hand. When we were ready to start I asked where Will was and one of the girls said he had walked on. Witness said he had taken a couple of drinks. He said his son had gone to school but one season. On cross examination Friday morning he said his son could cut wood well, but not as well as a man with two good hands. He was under porch at hotel when girls came and told him they were ready to go and he didn't know Will had struck any one until he got home. He admitted he was a little full all day and contradicted himself by saying that when he reached Will along Emmitsburg road that he didn't say anything to him. The father said he had seen his son drunk pretty often and that it didn't take so much to get him drunk.

Alice Eyler, sister of prisoner and youngest in family was 16 years old. She seemed to be bright but admitted that she could not read or write. Her testimony was largely similar to that of wife of prisoner, the father and son going to hotel in Emmitsburg, the beer drinking on the way and every time she passed Will he was drunker and this was shown by wanting to kiss and hug his wife. She went over the details of the day very much as Mrs. Eyler had done. She and her sister wore blue dresses and white shoes that day. This witness was the one that woke up her father to tell him they were ready to go, after they had seen Will start out Emmitsburg road and after Ben Brown had told them Will had hit some one. All the witnesses swore that what Ben Brown had told them about Will was not discussed on road home either before or after they picked the defendant up along Emmitsburg road. This witness asked him what was wrong but could get no sense out of him.

Chas. Kappes, chief of police, testified that he was sitting on Court House steps and saw the prisoner come over the crossing from Skelly & Warner's to Court House, bare-headed and watched him until he was beyond Culpepper. He was staggering and walking rapidly, taking long steps, with a side motion, head down and the witness said he was drunk or he never saw a drunken man.

Nellie Eyler, sister of prisoner, 19 years old, came over practically all the details of the day as testified to by her sister and Mrs. Eyler.

Wm. Hersh then called as witnesses the names of Wm. Long, Charles Wagaman and Harry Baker but the owners of these names did not make their appearance.

Benj. Brown said he was 22 years old and had known Will Eyler for 8 years. He came to town May 30 with Bill Long. They stopped at Battlefield Hotel. When Eylers arrived the men went to bar-room and he saw the prisoner take three drinks there, one whiskey and two beers. Will called him aside and said let's walk down town. He was pretty full then. We came down town and went in Wabash and each had two beers there. Then we went to Hotel Gettysburg and witness saw him have two drinks there. He left him there with some friends and when he came out said he was drunk, flushed in the face and talking crazy. He next saw him at the Battlefield Hotel at 11 o'clock and said he took a beer. After dinner Will Eyler, Bill Long, Harry Baker and witness went down town. They followed parade on pavement to Battlefield Hotel and got a drink but he did not know what Eyler took. Long set them up. They then started down to get something to eat and a little above Wabash met the girls coming up street. The three women had testified that they came down street and met the fellows going up street. Witness came over about prisoner trying to hug his wife. The men then went on down to Bowser's restaurant and ordered beefsteak and with coffee thrown in cost 25cts. Eyler nibbled a little bit at the beefsteak and then threw it down. He upset his coffee but when a round of beer was ordered he drank his beer. Witness said he wasn't drunk but Will Eyler was drunk from the mixed drinks. From there they went to Chas. Moser, and being interrogated as to defendant's reputation for being a peaceable Eyler and witness following. They sat at table, law abiding citizen said it was good. One of witnesses had heard of his arrest on an assault and battery charge. With this testimony on character the defense rested at noon on Saturday.

battlefield hotel and not at 2 o'clock as Brown testified. Eyler was sober then. He said he stopped the dancing man in the afternoon in front of the Globe Hotel a half hour before Miller was killed.

Ben Starner saw Eyler, Long and Baker go into Bowser's between 10 and 11 o'clock in the morning. Eyler was sober then. He also said no one handed Miller his hat and he did not have his hat on when struck. Howard Roof testified to same thing.

John Wiest, bartender at Bowser's restaurant said Bill Long and four or five other fellows came into their place about 10 o'clock in morning. They did not get anything to eat. They got a round of beer and left. He said he was absolutely sure the crowd was not there in afternoon. They did not pay for two drunks and he was on the watch for them.

He said steak and coffee was always sold for 35 cents and not 25 cents as Brown said.

James Fuhrman was helping at Bowser's restaurant that day. He saw Eyler there before 11:30 in morning. He was with Chas. Eyler, Bill Long and another man. They were all sober. He also said beef steak and coffee was 35 cents.

Harry Tawney was tending bar at Battlefield Hotel that day. Bill Long, Brown and old man Eyler were in bar room for a short time early in morning but Wm. Eyler was not in bar room with them. He saw (prisoner outside during morning. At 2 o'clock Wm. Eyler bought one whiskey and three beers and handed him a quarter and asked for change and he told him they didn't sell 5 cent whiskey. He was sober then and the first drink he saw him get at the Battlefield hotel was at 2 o'clock.

George Topper and Ben Starner testified that they had gone to Globe and that it was impossible to see radiator from end of bar next to office, where Brown said he was. That one had to be half way up bar to see the radiator.

John L. Brown of Pleasant Hill Band said that band played two pieces in front of hotel five minutes before Miller was hurt.

Ben Starner, Howard Roof, Ernest Leclerc, Wm. Barkdull, W. H. Stout and J. W. Topper testified that in their opinion Wm. Eyler was sober when he struck the blow and they saw him.

Alex Troxel said he saw Wm. Eyler at Battlefield Hotel at 2 o'clock and he was sober.

Wm. Spangler saw Wm. Eyler run bare headed along Baltimore Street at a right good gait, passed his steps. The man was running straight and witness said he was sober when he saw him.

Ben Carter said he was on a hack driving down Baltimore Street and that Wm. Eyler stepped into the gutter near Rechles butcher shop and ran part way in the gutter. He did not have a hat on, ran straight. In his opinion he was sober for he said he couldn't be drunk and run that way Commonwealth closed.

Wm. H. Tipton then explained two photographs he had taken in Globe bar room, 7 inches from bar, position a man would stand. The one at middle of bar showed the whole radiator in office. A second picture 5 feet from office wall in same position as to bar showed nearest end of radiator and a man standing at that point. Pictures were offered in evidence.

Paul Glass of Biglerville said Wm. Eyler was under the influence of liquor at 10 o'clock May 30, that he staggered.

Wm. Barkdull and R. C. Paxton then testified to a lifting lid forming a doorway being used as part of bar on May 30. This closed the testimony. Pump handle and pictures being offered and admitted in evidence.

Teachers Institute.

Monday Evening—Dr. Frank M. Bristol. A Masterful Lecturer—The appearance last evening, at the Armory, of Frank Bristol, D. D., marks a very high water mark indeed in the splendid series of entertainments which the League has furnished the citizens of this community. Dr. Bristol is yet a young man, a little below the medium size, but finely proportioned, with a magnificent head suggestive of "brains." Every movement of the body, every gesture, every expression of the face, every flash of the eye, every intonation of the voice shows the elegant, polished orator, which for the past ten years has made him familiarly known as the "Little Giant of Methodism." It is impossible to portray with any degree of accuracy his masterful lecture on "Brains." For over two hours he held the absolute mastery over his audience, convulsing them with laughter by his witty sallies, thrilling them by his flight of classic eloquence and at his will, calling out round after round of enthusiastic applause.—The Evening News, Michigan City, Ind.

Teachers Institute.

Wednesday Evening—Rufus Emerson King. "It is no exaggeration to say that few lectures secured at large expense are equal to it in brilliancy, variety and continuous interest from beginning to end. An audience assembled from all parts of Northern and Central New York heard it and were delighted. Many sober truths were expressed in the charming guise of wit, some vagaries of human nature were touched up in a happy vein and the lecture is such a combination of rich thought and genial humor as to make it an entertainment of exceptional merit. SURE TO CURE INDIGESTION
Unless Pepsiola Cures Your
Dyspepsia, the People's Drug
Store Will Pay Back
The Money.

It is not often that they back up a new remedy with their own personal guarantee but they know that Pepsiola is sure to help all who have chronic dyspepsia and indigestion the very first day they begin to take it.

Moreover, they are too busy and their reputation is worth too much to take chances in recommending a new remedy to their customers that will not do just as represented.

Pepsiola is a remarkable preparation and has performed some cures in Gettysburg that border on the miraculous. It is also a grand nerve tonic. It improves the appetite, gives new strength and new energy, tones up the stomach and digestive organs, and makes you feel better right off.

When you buy a package of Pepsiola you are protected in every way. If it cures you the cost is 25 cents—if it does not, the People's Drug Store will pay back your money without the least argument.

J. FRANK LEREW of Bermudian is fond of a joke. He found a dead rabbit back of his house, took it and placed it in the grass along the fence, during the day the rabbit was shot, at least a dozen times.

Best in the World.

No medicine in the world has received such wide spread and unquestioned endorsement as "Downs' Elixir," simply because it cures.

No other medicine has such a record of cures of colds, coughs, croup, asthma, bronchitis, sore throat, pneumonia, and even consumption, or has such hosts of friends as Downs' Elixir.

71 years of cures has established it in the confidence of the people. Why neglect a cold and take the chances of a deadly disease when Downs' Elixir can be obtained of any dealer in medicine. 25c, 50c and \$1.00 per bottle. **L. M. Buehler.**

JOHN MYERS who has been a soldier in the regular army, has returned to his home in Berlin. He was last encamped in Maine, where winter had set in.

Had a Close Call.

A dangerous surgical operation, involving the removal of a malignant ulcer, as large as my hand, from my daughter's hip, was prevented by the application of Buckle's Arnica Salve," says A. C. Stickel, of Mitetus, W. Va. "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at People's Drug Store.

In July, Earl Peters of Upper Huntington township, planted five acres of potatoes. He finished digging them up on Saturday and got 325 bushels for his labor.

A Year of Blood.

The year of 1903 will long be remembered in the house of F. N. Tacket, of Altamont, Ky., as a year of blood; which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven permanently cured." Guaranteed for Sore Lungs, Coughs and Colds at People's Drug Store. Price 50c and \$1.00. Trial bottle free.

The York office of the Ninth Pennsylvania Internal Revenue District, received last month \$120,000 and of this sum \$4,200 was derived from sale of beer and tobacco stamps.

Cured of Bright's Disease.

Mr. Robert O. Burke, Elmont, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from twelve to twenty times a night, and I was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." People's Drug Store.

WHILE J. D. Gocherour of Huntington township was out driving recently in a heavy rain and wind storm his buggy was blown over, but fortunately he was not hurt.

This is Worth Remembering

As no one is immune, every person should remember that Foley's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. People's Drug Store.

J. FRANK LEREW near Bermudian has offered a reward for the apprehension of the fellows who shot off recently three young shade trees along the highway. The law is severe with this offense.

A REWARD

We offer a reward of 25 cents for every case of skin trouble, eczema, ulcers, old running sores, wounds, cuts, or any kind of scalp trouble that Dermatol Ointment will not heal, for if not cured we pay the 25 cents back. The People's Drug Store.

MASIE R. Freddie Marquet, ten year old son of Jacob Marquet of Harney fell from bicycle and ran a broken part of wheel into his upper lip and cut a gash through his cheek.

THE GOOD OLD DAYS.

TRY Now the Ways of Yore and See How You Like Them.

Good old times, says the San Antonio Light, are a delusion and a snare, and the man who sighs for them has little conception of what they were. Return them, would you? Then rise on a cold morning and wash at the pump, pull on a pair of rawhide boots that creak a tin can in stiffness, pull on a woolen shirt over your back and sit down to a bare meal with your three-legged stool dancing around on a split slab floor, eat cornpone and bacon for a steady diet and labor fourteen hours out of twenty-four. Go without a daily paper, a fly screen, a mosquito bar, a spring mattress, a kerosene lamp, go home your oxen to market and sit on the floor of an ox cart as you wend your way to church or a frolic. Patch corn and beans for coffee and sassafras for tea and see how you like it.

The old days are looked backward to affectionately, says the Galveston News, because they were the days of our youth, of bounding blood and supple joints, the days of hope and song. The days of the present will be the good old days of the coming generation and will be regarded by our successors as rather crude in customs and harsh in many ways, yet worth not to be despised. The progressives of our age are the mossbacks of later eras. Fifty years hence we will be accounted as slow and immature as we now regard those of half a century ago.

CHIRSCHMUS.

A Swiss Dainty That Is Made of Preserved Cherries.

Last summer I ate genuine Swiss chirschmus twenty years old. It tasted like a concentration of all the richness and sweetness of the most perfect cherries. In appearance it was a purplish black mass. Age had not impaired it in the least.

Upon inquiry I learned how this cherry concoction, with its wonderful preserving quality, is made. The cherries used must be perfect—very large, ripe, juicy black ones and, above all, very sweet.

The juice of them pressed out and strained through a bag is put in a large preserving kettle, at the bottom of which is placed a piece of smoked pork fastened to a block of wood. The wood serves as a weight to keep the fat down and prevent the juice from burning as it thickens.

The cherry juice is boiled for about twenty-four hours without sugar, but stirred from time to time until it becomes a mass of sweetness so firm and thick that it would not fall if the kettle were inverted.

That is all, a simple process, but the result is delicious. This chirschmus is in general use in Switzerland with the "suisse mousse" (sweet butter) and bread.—London Ladies' World.

Feeding Silkworms.

The quality and quantity of silk produced by your silkworms will all depend on how you feed them. Too much food should not be given at once, but they should never be left entirely without at any time during the day or night. You must, therefore, watch carefully to get an idea of their appetite and provide accordingly, says Home Chat.

Fresh mulberry leaves are the proper food for silkworms, but if at any time these are not procurable, young lettuce leaves are the best substitute, but they are only a stop gap. Silkworms cannot live for a long period without their natural food.

Agency Secured

We have secured the agency for Orino Laxative Fruit Syrup, the new laxative that makes the liver lively, purifies the breath, cures headache and regulates the digestive organs. Cures chronic constipation. Ask us about it. People's Drug Store.

The members of Harney Lutheran church have decided to put a furnace in the church and repaper the building.

HOW TO IMPROVE YOUR COMPLEXION.

Every one who wants a good healthy color, a ruddy glow and a clear skin, free from the effects of biliousness, sluggish liver and chronic constipation should get a 5 cent package of Laxatone Tablets today. The People's Drug Store.

MANY citizens of Fairfield are very much in earnest in having a water plant even if they have to have a debt.

STOMACH out of order? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

FISHERMEN who were out last week caught a number of white suckers in the Conowago.

THE G. A. R. of Fairfield will begin the holding of their monthly Bean Soups during the winter with one on the last Saturday night in November.

THE Presbyterian congregation of Fairfield has spent several thousand dollars on the new parsonage and out-buildings.

No false pretense has marked the career of Ely's Cream Balm. No idle promises of rewards for cases it will not cure. Being entirely harmless it is not responsible like the cathartics and powders, for minds shattered by cocaine. The great positive virtue Ely's Cream Balm is that it speedily and completely cures nasal catarrh and hay fever. Back of this statement is the testimony of thousands and a reputation of many years success. All druggists, 50c, or mailed by Ely Bros., 36 Warren Street, New York.

No matter how long you have had the cough; if it hasn't already developed into consumption, Dr. Wood's New Pine Syrup will cure it.

HARNEY is said to be in sore need of a physician.

Prevents, as the name implies, prevent all Colds and Grippe when taken at the sneeze stage."

Weak Kidneys

Weak kidneys surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is dark and strong, if you are symptomatic of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative monthly Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

Dancing Proves Fatal

Many men and women catch colds at dances which terminate in pneumonia and consumption. After exposure, if Foley's Honey and Tar is taken it will break up a cold and no serious results need be feared. Refuse but the genuine in a yellow package. People's Drug Store.

W.M. HULL of Hanover bought and shipped from Bendersville Station 1000 bushels of apples at 75c per ewt. DeWitt's Kidney and Bladder Pills act on both kidneys and liver, and as a result afford the quickest relief from those troubles resulting from an excess of uric acid. Such troubles as rheumatism, back-ache, sciatica, etc. are quickly relieved by a few doses of this modern remedy for the kidneys. Sold by People's Drug Store.

Dairy and Food Commission's Report

The Minnesota Dairy and Food Commissioner's analysis shows that Kennedy's Laxative Honey and Tar and Bee's Laxative Honey and Tar contained opiates and croton oil. Opiates are poisonous and croton oil is a violent poisonous purgative. Refuse to accept any but Foley's Honey and Tar in yellow package. Foley's Honey and Tar contains no opiates or dangerous drugs and is the best cough and cold cure. People's Drug Store.

JOHN L. BOSSERMAN of Reading twp. is building a new barn on the sight of one destroyed by lightning during the summer.

The best treatment for indigestion and troubles of the stomach is to rest the stomach. It can be rested by starvation or by the use of a good digestant which will digest the food eaten, thus taking the work off the stomach.

At the proper temperature, a single teaspoonful of Kodol will wholly digest 3,000 grains of food. It relieves the present annoyance, puts the stomach in shape to satisfactorily perform its functions. Good for indigestion, sour stomach, flatulence, palpitation of the heart and dyspepsia. Kodol is made in strict conformity with the National Pure Food and Drug Law. Sold by People's Drug Store.

WHILE R. L. Darone and John Eckert of Reading township were gunning recently, they were accidentally sprinkled with shot.

To protect the little ones and for the information and satisfaction of mothers the contents of each bottle of that wonderful children's remedy, Cascasweet, have been placed on every label. Cascasweet is a harmless compound of vegetable extracts that is wonderful in its beneficial effects on the stomachs of babies and children. Recommended and sold by People's Drug Store.

ROYAL Baking Powder

ABSOLUTELY PURE

Healthful cream of tartar, derived solely from grapes, refined to absolute purity, is the active principle of every pound of Royal Baking Powder.

Hence it is that Royal Baking Powder renders the food remarkable both for its fine flavor and healthfulness.

No alum, no phosphate—which are the principal elements of the so-called cheap baking powders—and which are derived from bones, rock and sulphuric acid.

Farmers Institute.

The farmers of this county will be interested to learn that there will be held this year a series of Farmers' institutes at Bendersville December 17th, and 18th, Fairfield December 19th and 20th, and New Oxford December, 21st, and 22nd, 1906. A number of instructors from other parts of the State will be present to join with the farmers of this locality in the discussion of topics relative to agriculture. These meetings are free and open to all, and we have no doubt the farmers of this county will avail themselves of the advantages to be gained by attending these meetings.

Tuesday Evening—The DeKoven Male Quartette. The concert given by the DeKoven Male Quartette was the most satisfactory and highly pleasing entertainment ever given here. The harmonious and perfect blending of the voices was a great delight to all. They certainly are great and will always have a full house whenever they appear in Madison.—F. W. Tomlinson, Pastor Baptist Church, Madison, N. Y.

Ladies' and Children's COATS AND SUITS

Strangers visiting this store are more than surprised at the stock carried in this department. Our customers express themselves as believing that we

have enough COATS AND SUITS to coat and

suit every woman and child in the county, and that is just what we prepare for each season. Others express themselves, those who see how many are sold in a busy hour, that we must soon have everybody supplied. But we know that, while hundreds have been sold, we will sell many hundreds more before the season is over. We are duplicating our best sellers every day, and ordering new things as they appear and we hear of them. The stock is complete one day—broken in sizes in some kinds the next. If you have been here and did not get fitted in just the style and price desired.
